## Student Letter

My name is Mireia. I am 14 years old and I am from Spain. I am a kind person, always ready to help, creative, respectful, and maybe a little shy. I love hanging out with my friends. In winter, we usually go shopping or we watch some movies, and in summer, we love paddle surfing and going to the beach.

When I grow up I would like to be a doctor, especially an oncologist, because of my grandmother and aunt's cancer. My favorite school subjects are English, Math, and Biology.

Becoming an exchange student is a great opportunity to learn the language, but I think that it isn't the main reason for doing it. I will learn about a new culture and traditions and I will be able to practice them. I also think that it is an opportunity that you only can live once and I'm so thankful to my parents for giving me this great opportunity. I think that it will also be an opportunity for you to learn about my culture.

I love listening to music. My favorite artists are One Direction, Queen, The Beatles, Billie Eilish, Harry Styles, Louis Tomlinson, and Niall Horan. I also like playing the violin, reading, horse riding, and running. I'm hoping to continue playing the violin, do track and field, swim and be a cheerleader while I'm in the US.
