Student Letter

My name is Guillermo, I am 15 and I'm from Spain. First I am going to talk to you about my family and about me. I live with my parents and my dog. My relationship with them it's so good, I watch a lot of films with them, I play board games with them... I am a very affectionate person, I always like to be in contact with someone, although I am shy, but once I gain confidence I am a very cool person.

My hobbies are: Basketball, watching movies and TV shows of all kinds, listening to music, playing board games, sometimes I like to read books/comics, I like to play video games a lot, I like to do magic tricks, learn about history and my biggest hobbies are to travel and to cook, I can show you some Spanish recipes.

I have travelled a lot all over the world, I have travelled to the USA, UK, Portugal, France, Italy, Belgium, Holland, Dominican Republic, Mexico. In the United States I have been twice, one when I was little that I went to New York, and the other was in 2019 that I went to the west coast for 22 days! I visited the big cities like: L.A, San Francisco, Las Vegas,... And also a lot of National Parks like: The Grand Canyon, Mojave desert, Death valley, Monument valley, Zion, Bryce canyon, Yosemite,...

On that travel I fell in love with the United States and since that moment I had it clear, I wanted to do an exchange year here. Since I went there my head exploded of all the things I was seeing, it was exactly like the movies (even better), so I had to repeat it.
