## PROGRAM

**Arrival:**

August 2022

**Age on Arrival:**

15

**Duration:**

Academic Year

**Student ID:**

AY22ES23-10

**Allergies/Special Diet:**

No / No

**Religion:**

Catholic

## Student Letter

My name is Miquel and I am 14 years old. I consider myself a nice, happy and curious boy. I love meeting new people (in that aspect I consider myself very open) and I am very sociable. I really like trying and learning new things. My family is made up of my mother, my father, and my sister. We are a very close family and we do many activities together. I love sports and have played many, but my favorites are soccer, sailing and windsurfing. I have played soccer for 6 years and have been sailing and windsurfing for 5 years.

As for my friends, I have a pretty big group that I usually go out with every weekend. Most of the group is from school but I also have friends from other schools with whom I have a strong relationship. Since I was in Ireland I met a lot of people and made good friends, I hope that in the United States I will meet very nice people and be able to have a good friendship.

I want to go to the school year in the United States because I have always liked its culture. I want to take this opportunity to learn English perfectly because I think it is important to know how to speak it very well so that I can have more opportunities in the future. I am very grateful and excited to have the opportunity to study in the United States. At first I suppose it will be more difficult since everything will be new for me and my English is not perfect, but I hope to improve quickly.

Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other's core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.
