Student Letter

My name is Abril, I am 16 years old, and I'm from Spain. Well, this experience for me I think is wonderful since in addition to learning the language more, I will be able to learn a lot about your culture, your traditions ...

I think I will make good friends who will be forever in my life and also a second family that I can count on for everything. I will do my best so that the time of my stay is the best, for your part and for mine, so that we can all enjoy it. I am usually a person who in my free time I like to read (especially drama books), spend time with my family, listen to music and with my pets. I also tend to be very curious and I love seeing new places, new foods, new people ... I really like to dance, throughout my life I have done a lot of things like ballet, artistic gymnastics, tennis and hip-hop.

Where I live, people are very good, quite empathetic, my school is a bit far from my house, but it takes 10 minutes by car.

My favorite food, well I don't have a favorite but I'll tell you the ones I like the most: Puree with breaded fillet, salad, vegetable tart, and the best, chinese noodles

The music I listen to is usually all in Spanish, even though there are many that are in English and I like them.

Well finally I want to say that I would love to be your host daughter for a year, and I am very grateful for that.
