Student Letter

Hello, my name is Baptiste. I'm 14 years old, and I'm from France. I would like to become an Engineer and being bilingual will be a major asset for my studies, my career and to travel abroad. I am very excited to discover your culture so incredible and fantastic.

I live in a house with my parents, my brother, and my sister. Me and my family we get a long well. I have many pets: a rabbit Lulu, a cat lpop, two hens, fishes in a small pond in my garden and the last but mine: my hamster Babel.

I'm a sporty boy, above all I like mountain biking, skiing, and swimming. I love to try new activities or other sports such as horse riding, climbing, tree-climbing, caving, rafting...

I love nature and I had a scouting experience for seven years. I know how to get by in nature, start fire, camp in the forest and I know the basic mushrooms. I liked scouting but I had to quit because I did not have enough time for my school work. I like studying, in addition in English, I study Chinese and Spanish.

In my freetime I like watch series: Stranger Things; The 100; Prison Break; 10 Walf; and movies: Ready Player One ; Le Labyrinte. Ready Player One is the best movie ever! I listen to music all the time. I'd prefer American rap rather than french rap because the rhythm is so good. I don't play musical instruments.
