Student Letter

My name is Louis. I am French and I am fourteen years old. I have one sister who is twelve years old and a brother who is eight years old. We live together with my parents. We get along well and share a lot of things together.

I grew up in a sporty family: my father likes surfing, windsurfing, skiing and walking in the countryside. My mother plays tennis twice a week, runs at the weekend and is a great skier. My sister practices classical dancing and surfing and my younger brother also plays tennis, does hip hop dancing and loves surfing. We also travel very often with each other.

I am a sociable person and I like going out with my school friends. I love nature, watching birds and fishing.

I would love to go to the United States for several reasons. First I must improve my English. I think it is easier to learn with natives. My parents do not speak English very often so it would be a great opportunity for me. I would also like to know about the American culture even though I know it is a huge country with different customs. I do not know so many things about the United States apart from what I learn from watching movies or sports. I also like meeting new people so living in a new family should be very enriching.
