Student Letter

Hi !

My name is Marie, I'm 14 years old and I live in France. I live with my two parents. I always be with them and we have the habits to do everything together. I have a step brother, he is like my real brother, he is 24 years old. I have one dog: Lassie. She is always sleeping but she is cute and I love playing with her when she is up. Actually, I really want to go in United States for a lot of things: I want to discover a new culture, new way of life, new persons, be bilingual because I think that it can be nice for my future, the "American dream" obviously! Discover yours traditions and your daily life.

I love a lot of things like be with my family and with my friends, taught a new language, travel, listening some music (I listening all type of music), I like watch some movies and TV shows, reading some books, be active, discover a lot of new things, do some new activities and I think this is all..

I'm really shyness but I have other defaults and qualities: I'm really kind, open-minded, funny, sociable and I know how adapt to people.

I have friends too, specially two girls, they are my best friends since one year and I think that will be a little hard to leave them at the first time but I REALLY WANT to go in United States and I know that I'm gonna have a new friends over there.
