Student Letter

Hello, my name is Carlos, I'm 14 years old, and I am from Spain.

My father is an Industrial Engineer and my mother is an administrative in the city council. I have a 10 year old sister and I have a great time with her. I spend a lot of time with my dad and we get along great, we laugh a lot together; with my mom, I also get along great with her and I like to watch TV series and movies with them.

I like to play sports, especially soccer, boxing and running. I am a member of a soccer team in my town. I've been playing soccer since I was 6 years old and I'm very good at it. I also do boxing, I used to go to classes but COVID-19 came and I had to stop.

I also like to play video games, although I can only play on weekends when there is school, recently I play a lot less because I prefer to do other things.

I like to go out with my friends, we usually go for a walk and also for dinner or lunch.

This year I have trained my first falcon, his name is Filomeno, my father has helped me a lot, he has been in falconry for more than 20 years.

I am looking forward on going to the United States, I think it will be an unforgettable experience and at the same time a great opportunity to learn English, which is very important nowadays, I am looking forward to learn new cultures, new lifestyles and meet new friends. I'm looking forward to have an incredible experience with the host family, and do everything to contribute with anything that is needed.
