## Student Letter

Hi, my name is Maria, I am 16 years old and I am from Spain.

Well I do not know where to start. First of all thank you very much for considering me to be part of the family, hopefully so.

I consider myself a normal girl (at least in Spain, in the USA I do not know it, hahahaha). I am very friendly, I have a great time with my friends and I love going out with them on weekends.

I have an older sister, she is 19, and she was a Junior in Colorado Springs.

From Monday to Friday I go to school with my friends from eight in the morning until three in the afternoon. When I arrive at my house I eat and then I do my homework and study. On Wednesdays I have a school trip in the afternoon and on Tuesdays and Thursdays I have volleyball practices. I play in the school team and we play against other schools on Saturday mornings, and I love it... On Friday afternoons I go out with my friends, it's my favourite day, it's very fun. On Saturdays I also go out with my friends or stay with my family. On Sundays, I usually study and do my homework. I am not shy and I think I will adapt very well to my new life. Apart from having fun and learning a lot of things and American way of life, I want to learn a lot of English and return to Spain speaking English perfectly of course! I am very excited about all this. Also, you can learn a lot from me, I'll cook Spanish food, whatever you want!
