## Student Letter

My name is Valentina. I'm 16 years old and I'm from Italy.

The first thing you should know about me is that I love singing, so you could eventually hear me singing around the house, I also love watching movie and TV series, dancing and of course listening to music.

One of my favorite things is spending time with my friends, anything with them becomes fun. I really appreciate spending time with my family too, we usually pass the evenings together doing dinner and watching a film or taking out the dogs for a walk. My 2 dogs are super important to me, I love them from the bottom of my heart.

I love going to the cinema and to the restaurant cause I'm a food lover, I kinda like every type of food and I'm also pretty good at cooking if I put myself into it.

My favourite season is summer, I love the sun, the green of the nature and of course I love going to the beach. The sea makes me calm and I like swimming, so the beach is one of my favorite places.

I've decided to spend an exchange year in the USA because I'm interested in the American teenager's lifestyle, in the US traditions and obviously in improving my English skills.

I think that this new experience could help me deepening my culture, my skills and my way of seeing the world.
