## Student Letter

My name is Hojun, I don't have an English name so you can call me Hojun. I'm 15 years old and I am from South Korea.

I like to spend time with my friends. That's why I like playing computer game, called Valorant, and playing with my friends. I also like watching TV. On weekends, I like to watch Korean dramas with my parents.

I like P.E, and interested in Math, but I am not interested in History. I like badminton, basketball, tennis, and soccer, but I'm not good at basketball. I like to play sports with my friends, but recently I couldn't exercise with my friends due to covid, so it was very disappointing.

I like hamburger and Korean noodle.

While I'm in America, I want to make many friends, and learn about different cultures and English.

I have experience of taking English language course in Canada. Although I was in Canada for about 2 months, I made many friends and good memories with my host family. I believe that I will be able to have a great time with good friends and host family in the exchange student program as well.
