Student Letter

My name is Mia. I am turning 16 this April, and I am from Germany. I'm really excited to have the chance to become an exchange student.

But first of all, you need to get to know me and my family!

My mum works halftime at the local Jobcenter. She helps getting long term unemployed people back to work. My dad is an IT Specialist working for a big Insurance Company. My oldest sister (the middle child) is in 5th grade and my younger sister is going to the 3rd grade. We also have a cat and some bunnies living with us.

As long as I can remember I dreamed about being an exchange student. My mum used to be one too, so it was pretty clear for me that I want to do it too. I can't wait to compare the high school life to the one shown on TV-shows or movies. I want to try new things, new food and get to know a totally different way of life! I consider myself as open minded and i love to get to know different people.

I'm going to a fulltime school, so I don't have a lot of homework to do after school, except when I need to study for tests. In my free time I like meeting my friends. We go shopping, hang out together and do all the things teenagers everywhere like to do.

A couple of months ago I started climbing as a new sport. I just love it! During the summer skateboarding is a big part of my free time.
