Student Letter

Hi, I'm Nico! I am 17 years old and I am from Spain. I am a very sociable person, I really like to meet new people and I have friends of all types.

With my family we travel a lot, we have visited almost all Spain and many European cities, such as Paris, Brussels, Lisbon, London.

My friends are very important to me and I have very good friends and I spend a lot of time with them. We like to go out together and have a good time.

My hobbies apart from animals are music. I love music and I listen to many different kinds of music, I also love to dance. I'm always ready to dance at any party. I have practiced many sports, such as soccer, swimming for several years and I like to play ping pong with my family. I also go rock climbing with some friends. I practice Hapkido, a martial art that works the body and concentration.

My family is also very important for me, in my house I live with my parents and my brothers. With my parents we have a great time, at home there is a lot of sense of humor and we like to laugh a lot together.

Cooking is not my skill, but I can make simple recipes, I hope to cook something for you typical Spanish.
