August 2022

**Age on Arrival:**  
15

**Duration:**  
Academic Year

**Student ID:**  
AY22ES38-11

**Allergies/Special Diet:**  
No / No

**Religion:**  
Catholic

## Student Letter

My name is Miquel, I am 15 years old. I am from Spain. My family is great! I am the youngest child in a family of four boys. My dad is a Orthopedic Surgeron and my mum an Economist. They both work in healthcare and are busy, however, they spend a lot of time with us. I get on well with all my brothers.

I consider myself a good student, I try my best and I can work independently. I am involved in a water polo team, and I love training with my friends and companions. My family usually competes in running events, and I try to do it with them. We spend time together as a family, skiing in the Pyrenees mountains in the winter. In summer we often go with the boat to the beaches. I enjoy helping my mum around the house and learning from her how to cook traditional Spanish dishes. In the future, I would like to work as a doctor like my dad and grandfather.

I'm looking forward to spending a school year in the USA and at the same time involving myself in the culture and improving my English while living with an American family. I believe I will integrate as a positive part of the family. I am committed to helping out and doing my best to become part of the community.

Finally, I would like to thank in advance my American host family for their generosity for having me in their home. It is very inspiring. I can't wait to meet my host family and get started! I'M REALLY EXCITED!!

**Would you like to host this student?**

Call (919) 285-2693 or email [info@borderlessfriends.org](mailto:info@borderlessfriends.org)

Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other's core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.
