## Student Letter

Hi, I'm Guido, a 16 years old Italian boy.

I consider myself a quite funny, polite and confident boy. I have a lot of passions: I like sports, I have been playing in a water polo team and I follow many sports such as soccer, basketball and sometimes tennis; I enjoy watching tv series and film on Netflix; playing with my dog; hanging out with my friends and playing videogames with them. Then I love to travel, I have visited almost all Italy with my family.

My family is composed by my father, my mother, 2 sisters and a beautiful dog.

Why do I want to live an exchange year? Have you ever lived a moment in your life when you're looking for a self-improvement? Well, that's it. I want an experience that can change my life, I want to step out from my comfort zone, I want to expand my knowledge of the world, meet and learn from another culture, improve not only my english skills but myself too.

I expect many things from my exchange. First of all, an improvement of my english but I'm sure that won't be a problem, making friends, eating new foods, visiting a lot of cities, going to the school balls, having new experiences, learning american's traditions, and obviously going to the high school. Wow, it's so exciting.
