Student Letter

My name is Camilla and I'm 16, I'm an extrovert and I love living my life and making as much experiences as I can. I live with my mum, my two brothers, and my two dogs. I like to have speeches of a political or social nature. I really love food, even if I'm vegetarian hahaha; I really like to try food from all the countries, as much as I can. In my free time I like playing my ukulele. I also sing, I really love music, in fact, I listen to it almost every time: while I'm doing my chores, while I eat or cook, meanwhile I do my homework; I listen to many singers such as Fedez, Ultimo, Robbie Williams, Celine Dion, Queen, Katy Perry sometimes, Doja cat, Harry Styles, Frah Quintale, Gloria Gaynor, Margherita Vicario and others. I love watching tv series too, and even though I'm a fraidy cat, I'm currently watching the 4th season of AHS (American horror story) and I shudder at every episode hahahah. I also love spending time with my friends and to have sleepovers. I play soccer too, I'm in a girl only team and i love playing this sport. I'd like to keep playing in the US too. I want to have this experience because for the first time I have the chance to take my own responsibilities; for the first time I have the opportunity to put myself out there and live a beautiful experience that will help me build my future, without help from my family. It's an opportunity to improve my english too, and to know new cultures and traditions.
