PROGRAM

Arrival:

August 2022

Age on Arrival:

15

Duration:

Academic Year

Student ID:

AY22TR04-11

Allergies/Special Diet:

No / No

Religion:

Muslim

Student Letter

Hi! My name is Nehir, I'm an energetic and talkative person I can make most people happy with my energy. I'm interested in astronomy, zodiacs, personality types, taking care of animals, etc. I am a huge fan of Harry Styles he is my idol. I'm living with my mom I have the cutest dog too but now she is living with my brother.

I want to come to the United States because I want to improve my English skills and talk like a native speaker also I want to experience how it feels to live in America it's my childhood dream and now I hope it will come true.

I have played tennis and volleyball for a couple of years plus I'm on the school's current volleyball team but I'm not a professional player. I like watching movies, especially Marvel movies Spider-Man is my favorite avenger. I have so many things based on Spider-Man and No Way Home is my favorite movie.

I can learn things quickly, I can talk about everything I can listen to anyone's problem no matter what is their problem is. My friends always say "you are a good talker and a listener" and that is the most beautiful thing I can hear because I like comforting my friends, I want to be always there for them that's why I want to study psychology I understand their problems and I like helping them with solving their problems. I hope to see Los Angeles, New York, and Miami one day because these three cities have so many interesting places I hope I can go to them someday.
