## Student Letter

My name is Beliz. I'm a fourteen-year-old, high school student and I'd like to tell you a little bit about myself. I don't have any pets. Although I really love animals, I'm too scared to get close to one. I've been trying to overcome my fear of them. It's taking time, but I believe I'll eventually get to it.

I'm fond of reading. My favorite genre is utopian and dystopian fiction, however, I read a lot of sci-fi as well. I really enjoy cooking. I have fun trying out new recipes and tasting them. I'm also a big fan of music. I spend most of my time on the internet, trying to find a new artist to listen to. I can't play any instruments at the moment, even so, I hope to learn how to play the piano one day. I know the basics of it, but that's about all.

About my family, I live with my mom and my dad, the most supportive parents I could ever ask for. I have an older sister who's nineteen, she's now studying at university in another city, so she doesn't live with us anymore.

Growing up, I had a hard time trying to discover who I was. I wanted to have an interest I could rely on, something that I could confidently say was mine.
