## Student Letter

My name is Enes, I am 15 years old and I am a 10th grade student. I live in a boarding school. My mother is a math teacher and my father is the district sports manager. I have a sister who is 2 years older than me.

I enjoy chatting with my family, playing chess with my father and watching movies. In the summer, I love going to the seaside with my family and swimming. Maybe that's why my favorite activity is swimming. After having breakfast, me, my sister and sometimes my cousin go to the sea. I love visiting historical places with my father. I am interested in historical objects and history. I have a collection of old coins and objects. My collection gives ideas about the experiences of ancient civilizations. I like cooking with my mother and hiking with my sister. Because of my mother's profession, I love maths and because of my father's profession, I love swimming. I also enjoy playing billiards with my friends. I want to be a pediatric surgeon.
