## Student Letter

I am girl named Aigerim, it means "wonderful moon" from my mother tongue. I was born and grown up in a big and friendly family. In my family 6 members, and I have lots of nephews and nieces, cousins and my two lovely grandmothers. We enjoy celebrating our traditions and watching films together and drinking tea after dinner. When we drinking tea, we talking about everything, asking how was a day from everyone with tea and tasty candies.

I am living in family who are very good at upbringing. So it means, I am well brought up and have responsibilities at home. I am that kind of person who loves new activities and open for learning something new. I am interesting in fitness and yoga, I tried fly yoga.

I am creative person who loves being original. I find out new habit for me and it's reading books. I am very interested in history, I am finding it fascinating. I want to be traveler who loves exploring the world and interact with foreign people and using communicate nature to know about them. I am friendly and sociable girl who has friends. My friends interesting personalities and with them I am never sad. They are supporting me in everything. Together we like to go parks and cinemas, cafes, shopping centres.
