Student Letter

Dear future Host Family,

My name is Jorge and I am 16. I live in a small town near Valencia, Spain. I live with my mother and brother. My brother and my mom, what can I say, they are very important to me because I spend a lot of time with them and we are a team.

We don't have any pets but there are friends of mine or relatives who have dogs or cats and I like them, I would be happy if you have them.

I am a hard worker and I like to

see that things are going well, not just half way. I think I am an open, friendly, responsible, family-oriented, participative, respectful, understanding and sleepy person (but I'm trying to change that and make it on weekends when I rest more).

When there's a task that I don't like, I have enough motivation to get up and do it even if not my favorite. I am not a picky eater and I think I will adapt well to your style of eating.

As for my hobbies and sports, I like listening to music and going for walks to see the sunset, I like swimming (I've practiced this sport for 8 years) and basketball, I also like watching movies or shopping, being with friends, playing video games, playing cards ...

I usually like things related to this and I like to surround myself with people who is like that. That's why my friends also like the same things.
