## Student Letter

First of all, I want to thank you very much that I can be a part of your family. My name is Emil. I live with my family and two dogs in a house with a big garden. I spend much time with my family, we love to travel or watching movies together. We all love sport too. In the Holydays we always visit other countrys or cities, the last summer holydays we were in Los Angeles, San Francisco and Las Vegas. Since than I want to know how the people in USA life and how the school is like.

I go to school by bike. I am a morning person and my day starts at 6:15 am. My favorite subjects are Sport, History and French, I also learn Spanish. My favorite food is lasagne and burger with french fries and my favorite song is "cry me a river" from Justin Timberlake. Me and my friends often playing Basketball or on the ps4. Whatever we do we always have fun. I really like animals and my favorite animal is a monkey, the mustache tamarin. He looks just like a normal monkey, but he has a mustache.

When I was young I couldn't watch horror movies, but that isn't the case anymore. I like comedy and action films. I don't know what I want to be when I am older, but I really like to make little films, so maybe a director or a actor.

I would like to spend the year with you, because I want to get to know a new culture and I want to experience how it is to life in another country.

Thank you for letting my dream come true!
