Student Letter

My name is Celine. I am 15 years old. I live with my mother, my father, and my 13 year old sister in a small town in the mountains of Lebanon. My family and I enjoy spending time with each other. We enjoy watching movies together, playing board games, and going out to dine with each other.

I enjoy doing a lot of stuff in my spare time. I enjoy playing basketball, reading, listening to music, and spending time with my family and friends. I like hanging out with my friends, going out to malls with them, playing basketball with them, and much more. I live in a small town where there is no malls and big shopping places and supermarkets. So, that's what makes everyone in my town friendly with each other and communicate with one another.

I have high hopes and expectations for myself in the future. I would like to become an international lawyer and if I change my mind for some reason, I would like to become a translator. After graduating from highschool, I will continue my education, so I plan on applying to top college to secure a better education for myself and a brighter future for the for the career that I will be pursuing.

I enjoy listening to classical music, and 90's and 80's music. I really enjoy listening to Lana Del Rey and the Arctic Monkeys. I love listening to bands. I really enjoy reading books. I really enjoyed "The Alchemist" by Paulo Coelho.
