## Student Letter

My name is Rebeka and I am a 16 year old student from the Czech Republic.

I am writing this letter with hope that you will consider me as a member of your family for the next school year. I understand that you will have many options and I am honored to be one of them. I would like to share a little about myself, about my hobbies and my family, to help you to get to know me better.

I am a friendly person, who is always eager to learn new things and try new experiences. In my free time I enjoy playing golf, swimming, playing the french horn and doing modern dance. I have been playing golf for several years now and it is one of my favorite pastimes. I love being outdoors and I find the game of golf to be both challenging and relaxing. I also enjoy swimming and I have been doing it since I was a child. I think it is a great way to stay healthy and fit. Playing the french horn is another hobby that I am passionate about. I have been playing it for three years now and I love the sound it produces. Finally, I enjoy doing modern dance. I find it to be a great way to express myself and stay active. Apart from this I adore reading.

I am looking forward to being a part of your family and experiencing life in the USA. I am eager to learn about your culture, traditions and values. I am also looking forward to sharing my own culture and experiences with you.
