## Student Letter

My name is Jannik. I live in a small town in the southwest of Germany, with my family. I help my parents keep the house clean. I do chores like setting the table or taking out the trash. We don't have a housework schedule, but if my parents ask me to do something, I'll do it for them.

Even though the rest of my family is not so sporty, I like sports very much. Over the course of my life, I have played many different sports and concluded that I like football, although sports such as swimming, tennis and table tennis are also fun. I'm looking forward to doing sports in the U.S. that I haven't played before, like soccer or baseball, because I've always wanted to try them, but unfortunately, they don't pay enough attention to those sports in Germany. Besides football, one of my favorite hobbies is listening to music. I prefer rap, hip-hop and pop and listen to music every day and enjoy listening to music when I'm at home or with friends.

In my free time, I like to hang out with my friends, especially on Friday or Saturday nights, because we can stay up longer because we don't have to worry about school the next day and create unforgettable memories. In summer, there is nothing we like more than swimming because we like the vibes and the bright sun. We also organize big football matches together where more of our friends than usual come together and we can play a real game by having the time of our lives.
