Student Letter

My name is Claudia. I am 14 years old, and I am from Spain.

To start, I would like to talk to you about my personality. I am kind, talkative (a lot), sociable, open-minded, and responsible. I spend most of my time studying and with my friends. In my free time, I enjoy playing volleyball and going to the beach. My favorite colors are blue and purple. My favorite food is pasta, rice, and pizza. In my free time, I enjoy cooking all types of food, especially desserts.

My relationship with my family and my friends is very good. I believe I have good friends in which I can trust. I live in Barcelona with my parents and two siblings. I have an old sister called Ariadna, who is two years older than me, and I have a young brother called Aleix who is two years younger than me. In most of my daily life, I can deal with things by myself, but if I need help, I know how to ask for it.

In addition, I like to play volleyball and tennis, and to take theater lessons. I also attend every week to an extracurricular activity called Esplai, that in some ways is like your scouts. I wish to go to the USA to study for a year because I would like to learn about your culture (food, history, traditions, language, etc...), and also how your educational system and your High Schools work. I can offer you my knowledge about Spanish culture, especially Catalanian and Mallorquin culture.
