Student Letter

My name is Julie I am from France and whoever you are, I'm glad to meet you.

I don't even know where to start,I am a people person I LOVE talking about everything, I have a lot passions, and I love to discover new things. Pretty cliché right? I'd like to tell you about everything, my family, friends, passion, my dog !

Let's start with passion, so I like to experiment a lot, I cannot do just one thing, I am THAT kind of person who needs to try everything. I'm fond of art, I've always loved it,I like to paint, to draw, I like to make pottery !

I also LOVE music, don't ask me who's my favourite singer, I would probably not be able to respond, I like literature a lot too I read a lot and I love that, I also write a lot, only for myself or for few friends sometimes, I'm pretty shy about that. I'm fond of greek mythology, this is so fascinating. I also have an adorable dog named pako, his full name is pakpako, he's certainly the love of my life.

To be honest, before him, I didn't really enjoy spending time alone outside, but now, I LOVE to hang out with him,I don't have any siblings, but, I don't really feel lonely , and thanks to this,I am independent, I am very positive,.When I am in a bad mood, I LOVE to cook for me and my parents, cookies, pankakes, or my lemon pie (my favourite).
