**Family:** Mom (medical doctor, family medicine specialist), Dad (dentist), Sister (12), Brother (7), Brother (20)

## PROGRAM

**Arrival:**

August 2023

**Age on Arrival:**

15

**Duration:**

Academic Year

**Student ID:**

AY23PL10-11

**Allergies/Special Diet:**

No / None

**Religion:**

Roman Catholic, not practicing

## Student Letter

Hi, I'm Amelia, and I'm excited to share more about myself with you. As I mentioned before, I'm a very family-oriented and cheerful person. I live with my parents and siblings, and we always have a lot of laughter and joy at home. My siblings are a sister and a brother, and until recently, we had another brother living with us. We're a close-knit family, and spending time together is very important to us.

In school, I'm currently studying humanities (law) classes, but my true passion lies in art. I love to create and express myself through painting, sculpting, and crafting. Since I was a child, I've attended various artistic activities such as circus, theater, and handicrafts at the community center. These experiences have helped me to develop my creativity and passion for art. Although I don't have much time for these activities right now, I miss them and would love to do them again someday.

Sports are also an important part of my life, and I can't imagine my life without them. Horse riding and playing volleyball are my favorite sports. I've been participating in equestrian competitions for the past few years, and it's a great feeling to showcase the skills I've developed over time. My family also loves to ride horses, so it's a great bonding experience for all of us. Horses are my favourite animals, and I've developed a special bond with them over the years. They provide me with a sense of freedom and connection that I can't find anywhere else.

Borderless Friends Forever
