## Student Letter

My name is Adelia. I am 16 years old. I study in the 10th grade of simple school in a little village of Kyrgyzstan. Kyrgyzstan is a country located in Central Asia. May be you don't know about my country however we have a beautiful nature, delicious foods, friendly people and interesting traditions, customs and culture. The nature of my country is wonderful and wild.

I am a sociable girl, I have many friends. So I want to tell you about my friends. We like to play volleyball after school and go to the dance club. After school we come home together, we talk, laugh and joke. The funniest moments of my life I spend with my friends. I love my friends so much!

I am multilateral person. I like dancing especially Kyrgyz national dances, sometimes I play volleyball with my friends. When I have free time I volunteer, we clean streets to help ecology and sometimes we help elderly people we do all things that they asked us to do, moreover we collect some money and bought some foods, necessary things for them. I am fond of reading interesting, fantastic and motivational books. My favorite books are Chyngyz Aitmatov's novels.

In future I want to become a Kyrgyz diplomate in America. For this I should know English language well. If I have a chance to go to America I would like to see American culture and traditions.
