Languages: Italian (Native), English (Good / 13 years studied), French (Fair / 3 years studied)

Family: Mom (HR Generalist), Dad (IT Engineer), Brother (18), Brother (12), Sister (10)

PROGRAM

Arrival:

August 2023

Age on Arrival:

16

Duration:

Academic Year

Student ID:

AY23IT08-12

Allergies/Special Diet:

N/A / No

Religion:

Christian Catholic

Student Letter

I'm Francesca, I'm 16 years old and I come from Italy. I have 2 pets: 2 years ago we adopted our first dog, a 9 years old female German shepherd named Lupa. I take her out every evening and give her food and water; moreover, 3 months ago, we adopted a cat which has become my best friend in just a few weeks. If you'll need some support with your pets I'll be pleased to help. At the moment I'm studying my 11th grade in a scientific high school. This school has a particular attention for teaching scientific subjects. I chose it because I'm fascinated by Maths and Chemistry.

During my freetime in the afternoons and weekends I like to spend time with my friends, do sports, listen to music, watch films, tv series or tv shows, go to sport or music events such as concerts or volleyball/soccer matches. When I'll be with you I look forward to having new fun experiences and maybe find some new interests/passions to pursue when I come back. As of right now I would like to work in a sporting environment such as a team's physiotherapist but I'm still not sure about what I'd like to do in the future because it's hard for me to choose a single job to do for the rest of my life, but I hope that I'll be able to find a path to follow someday.

I am also an empathic and understanding person, I like expressing my thoughts with my friends and being able to confront each other. In short, I love being with people, talking to them to find a new way of thinking and to share opinions.
