Arrival:

August 2023

Age on Arrival:

15

Duration:

Academic Year

Student ID:

AY23TR02-10

Allergies/Special Diet:

No / No Pork

Religion:

Islam

Student Letter

My name is Mert, and I'm a fourteen-years-old student in my high school. I live with my dad, 2 brothers, and my cat. My father is an estate agent and a business man. My 24 year-old brother is a contractor and he also helps my father with his work. My second brother, who is fifteen years-old, is interested in cooking. I'm keen on doing sports, cycling, playing computer games, solving rubik's cube, watching films and TV series, spending time with my family, spending time with my cat, hanging out with my friends, and cooking. I always hang out with my friends on weekends. We go to shopping malls, cinema, library and do sports. When the weather is well, I ride my bike and do jogging. I also enjoy cooking and try new cuisines.

As I mentioned before, I have a cat. I really love her and I really enjoy spending time with her. Therefore I really love animals.

Taking part in the exchange program will be the one of my best experiences of my life and I know that this will not be an easy transition. I think being an exchange student will contribute my personality positively, the job I will choose and the life I will lead in the future. In the end of the exchange program, I'm going to return to my home country as a mature, visionary boy who has experienced such a program and advanced in the language. Moreover, I think that We will also be enriched by the friendships I will establish in America, especially with my host family and school.

Borderless Friends Forever
