Arrival:

August 2023

Age on Arrival:

16

Duration:

Semester

Student ID:

SM23TR04-11

Allergies/Special Diet:

Cats,Dogs,Horses / No Pork

Religion:

Muslim

Student Letter

First of all, I'd like to introduce myself. My name is Çınar. I'm a 16-year-old student. I have lots of hobbies and passions. I generally play basketball with my friends and hang out with them in my free time. I'm playing basketball since I'm 5. I used to play with a license too until my allergy showed up. I'm allergic, so I must be more careful than others. I have a dust, dog and cat fur allergy. Because of my dust allergy, I had to leave playing basketball with a license. However I'm still playing basketball with my friends, and I love it. And I love coding too. I'm making a new game with my team nowadays. We have a team of 3 people. Our goal is to make a game for mobile in 11th grade. But first, we have another project. I hope that we will be a big company in the future. I love playing video games too, like other students in my age. I think playing video games gives us ideas for our games and inspires us. And in the USA I'd like to meet with some friends who love making video games too. Last but not least, I love drawing too. I draw for our games and just for fun. However, I love mostly playing basketball and coding. If I talk about my family. I live with my parents, my little sister, and my dog. I love spending my time with my parents and my sister too. It's hard to spend my time with them nowadays because I had lots of jobs to do since I graduated from middle school. My sister loves drawing too. We sometimes draw together and have fun.
