Student Letter

My name is Mohammad I'm 16 years old I'm an eleventh grader. Me and my siblings are very competitive we like playing board games and mind games. I like reading Novels and stories and writing some of my own, I actually won a competition in my city for one of my stories when I was 8, I also really really like the ocean, I love swimming, sailing, and rowing boats, my love for the Ocean came from the scouts and the time I spent there with my friends, I also enjoy playing chess and soccer, in my down time I like watching anime, tv shows, and playing video-games.

For the future I would love to go to college in a well developed country, to study computer science and English and pursue my Dream of becoming a staff member in one of the respected Universities and a Scouts Leader.

There are some things I would like you to know about me. I'm scared of heights, I love chess, I wear Glasses because I have myopia which is near sightedness, but don't worry I will bring my own glasses and a spare just in case, I don't like my room to be messy, and I hate procrastinating, I easily get cold, I usually wake up early to pray, I have Cereal for breakfast, I'm a big Sandwich person I can have sandwiches for lunch and dinner, but I like mixing it up for dinner by having rice, mac'n cheese, different kinds of soup and sometimes Fish, I don't like staying-up late and I'm a bit of a sweet tooth, I'm a soccer fan I won't say who I'm cheering for that information is classified.
