## Student Letter

Thank you for taking the time to read my letter. Hello, my name is Mery, and I'm 15 years old. I hope you'll consider me to be part of your family for a while. I don't have a very big family, I live with my mum , dad and my sister. We enjoy going to the mountain to have a walk or we go to a house in the countryside and have lunch there. A family game that all we enjoy is UNO and we enjoy playing it (my dad always cheats). My mum and I love going to the beach.

I am a very responsible person, and I'm pretty independent. I adapt well to different situations, and I never had a problem with making friends. I have been dreaming of going to the USA since I was in secondary school. My principal objectives are to build strong relationships with friends and family there and have my best year. I hang out a lot with my friends, the most common things we do is going shopping, go to the movies or go to the beach. My favorite extracurricular is volleyball. Pasta is my favorite food. I would love to show you some and how we celebrate holidays here. I hope you got to know me better through this letter, and I hope you know that I'm so grateful for this experience. I'm really looking forward to meeting all of you and be another member part of your family.

Love your new family member, Mery.
