Student Letter

Hi my name is Emma, I'm 15 years old and I'm from Spain. My hobbies are skiing, playing tennis, listening to music, reading and watching movies. I love spending time with my friends and having fun with them. I also love spending time with my family. Being an exchange student has always been an exciting experience for me, as I saw it as an opportunity to broaden my horizons, get to know a new culture and grow as a person. One strength I have is the ability to adapt quickly. Another strength is that I am very positive and always try to see the positive side of things and I am also very sociable, as I find it very easy to open up to people. I am looking forward to meeting my host family and learning about their traditions, values and lifestyle, I would also like to share my own culture with them and at the same time enrich myself with theirs. I am willing to follow their rules and will try to meet their expectations, as well as help with chores. Also, I am interested in sharing my knowledge and skills, whether it is cooking dishes from my country, sharing our music or in any other way. I hope to participate in extracurricular activities, meet new friends, and contribute in a positive way to my host family. I like to travel and it would be nice to explore with my host family. In addition, I also enjoy outdoor activities, so I hope to take advantage of the natural beauty the country has to offer. I would love for you to choose me to be part of your family during my exchange year.
