PROGRAM

Arrival:

August 2024

Age on Arrival:

15

Duration:

Academic Year

Student ID:

YS24LY01-11

Allergies/Special Diet:

N/A / No Pork

Religion:

Islam

Student Letter

I am Laith. My family is composed of 5. We go to my grandparents once a week and we also like to visit new places if we are free. In addition, I play chess with my dad at least twice a week. I am an athletic person who has participated in many different sports throughout my life. I am very locked into horse riding, me and my sister go there three days a week. I am a very organized person and I have a hobby for cooking, especially cooking sea food. Sometimes it's my responsibility to cook as part of my chores. In my household every person washes their own dishes that they used except for my cute baby sister, since she is the queen of the house. The American culture has always intrigued me, because there are many people that come from different cultures and have different mindsets. I am fascinated by the idea of having friends from different backgrounds. Which is why I am interested in being an exchange student in the USA. Me and my close friends have many shared hobbies including listening to music, reading e-books and even watching anime together, playing soccer, and we want to go camping. I want to share the knowledge of a year spent on the United States, furthermore I want to make my home country a better place. I'm looking forward to study in a new school and make new friends, and to learn about the culture teach the people of the US the Libyan culture in return. I will respect and cooperate my expected host family and looking forward to making new friends in the USA.

Borderless Friends Forever

Call (919) 285-2693 or email info@borderlessfriends.org

Borderless Friends Forever promotes world peace through cultivating opportunities for cultural and educational exchanges. These exchanges allow people to learn more about each other's core values. We bring the international traveler and the host family together to create meaningful relationships through which we celebrate our differences and similarities.
